I am a fully funded Computer Engineering student at Gelişim University, actively enhancing my programming skills with a focus on React Native for mobile application development. Passionate about technology and innovation, I am dedicated to continuous learning through hands-on projects and self-study. I aim to combine academic knowledge with practical experience to excel in software development and contribute to impactful projects.

## Experience

Innfinite Yazılım

2024

Software Developer Intern

- Collaborated with the team to develop user-friendly web interfaces, focusing on modern frontend technologies. Gained hands-on experience in frontend web development, including creating responsive designs and optimizing user interfaces.
- Learned and practiced Azure-based testing, ensuring the reliability and functionality of web applications.

## Skills

HTML

JavaScript

React-Native

CSS

TypeScript

Expo

SQL

Next.js

React.js

## Education

Lisans

2022-2026

Istanbul Gelişim University (%100 Scholarship)

Bsc. Computer Science

Lise

2017-2021

Hüseyin Bürge Anadolu Lisesi

## Diller

English B1

## Projects

GymNotes : Developed a mobile application using React Native to help users track and save their gym workout programs.
